In light of the recent COVID-19 pandemic, UNT at Frisco is working to keep everyone up to date on how we will proceed for the duration of the semester.

How will COVID-19 Affect New College?

- All of the courses offered by New College will move to online delivery. In most cases, your faculty will be using Canvas and/or ZOOM to provide you as rich a learning experience as possible. For Applied Arts and Sciences majors, your BAAS 3000, 3020, or 4100 courses were already in an online format using Canvas or had Canvas as an integral part of the hybrid courses. Therefore, those have been continuing on schedule as online courses. There are also a number of tools that you will find on [http://learnanywhere.unt.edu](http://learnanywhere.unt.edu).

How will COVID-19 Affect Registration?

- UNT is committed to the health and safety of everyone in our community. We will continue to provide high quality instruction so that you can succeed, progress, and achieve your academic goals. In the meantime, we also look forward to helping you register for summer and fall classes! We are doing phone and Zoom appointments, so please call to set up your advising appointment at the same number.
